

Our dryer cylinder conforms to international certification standards as recognized by ASME & EU Requirements.

Dryer Cylinder

Diameter: 1250mm/1500mm / 1800mm /2000mm
Face Length: 2000mm-8000mm
Designed Pressure: 0.6-1.4Mpa (Hydraulic test)
Operating Pressure: 0.3-0.8Mpa
Supply Scope: Dryer, bearing & housing, syphon, rotary joint, jumbo gear and pinion.
Material: Cast iron/Nodular cast iron
